# Changing commuting habits offers an opportunity to make a meaningful contribution to climate action\*

## **Our solution**

An <u>employee</u> survey application where employees input responses and get instant feedback on their commuting emissions

An <u>employer</u> dashboard application where your team can view and download survey results.

#### 4

### **∧ labley** carbonwise<sup>™</sup>

# **Carbonwise enables organisations to:**

#### Measure

- Understand travel patterns at multiple sites, New Zealand-wide
- Track changes in commuting behaviour with repeat surveys
- Measure flexible working habits

#### Report

- Report on scope 3 / category 7 commuting emissions
- The data is suitable for use in an ISO 14064 1:2018 compliant inventory
- Meaningful contribution for organisations subject to XRB standards for climate related <u>disclosure</u>

#### Engage

- Raise employee awareness of their impact
- Plan evidence-based initiatives to support commuters eg cycle parking, EV charging, end of trip facilities

### **Features**

Mobile enabled to cater for employees who aren't desk-based

Capture primary and secondary modes of transport for your entire workforce across all workplace locations to enable granular insights and analysis

Leverage the <u>HERE</u> API to pin-point commuting distance and improve accuracy of results

Survey results are available in an easy-to-use dashboard and anonymised raw is available to download for further analysis

## Track record

- Surveyed 350+ workplaces
- Received >14,500 responses

# Insights

84

**0.63**<sub>tCO2e</sub> Average annual emissions per employee

Average proportion active travel (walking, cycling)

**14.6** km Average trip distance

Average number of work from home days per employee, annually

### **Case studies**

#### **Queenstown Lakes District Council:** Workplace travel plan

Adam Bray, Transport Planner at the Council explains, "We're developing our own travel plan because we want to lead by example. We're working towards getting all new developments in Queenstown to create travel plans, so we're leading the initiative and showing what's possible."

#### **South Taranaki District Council:** Fleet emissions
