“With regards to the proposed ‘Increased Investment in Environmental Education’, my first reaction is anger. I believe that the budget could be distributed more wisely into developing poor sections such as council accommodation. Accommodation is one of the most important issues facing low income families.”

Mr George Hughes

“Rates are already very high, particularly in Porirua. People just can’t pay anymore.”

Mr Phil Borkin

“I support more floodprotection in the Lower Hutt.”

Patricia Heald

“I am strongly opposed to rates increases, I can’t afford increases, rates have already gone up significantly. I voted Jenny Brash in due to her opposition to rates increases.”

Mr Barker
