1. Councillor Gibson asked the following questions:

- Whether there had been any recent research on the suitability of 'Flywheels' for the hilly terrain in the region.

Dr Watson said he would circulate answers.

2. Councillor Shields asked whether future project Priority Lists could include the cost breakdown between rates and subsidy for each project.

Dr Watson noted the request.

Councillor Foster left at 12.10pm

1. Councillor Allen asked the following questions:

- Had a letter been sent reminding schools that student passes expired on 28 February 2000
- Could the next issue of Elements describe the Regional Council's role in passenger transport.
- What progress been made on the upgrade for Petone Railway Station.

Dr Watson said he would obtain answers for the Committee.

PT 81 General

1. Councillor Allen said Brisbane roads included signage asking private motorists to give priority to buses and this would have good application in the Wellington region. Councillor McDavitt said this was a by-law matter for territorial authorities, and could be referred through Councillor Foster.

2. Councillor Allen said a new law required buses to stop at all railway crossings. This caused traffic delays on busy roads like Aotea Quay where trains were rarely used. Dr Watson said the Bus and Coach Association was applying to the Ministry of Transport for a change in the legislation.

The meeting closed at 12.20pm.
