

Your trash could be someone else's treasure!

The Waste Exchange is a unique service that helps businesses connect their unwanted materials and recyclables with new owners through a web-based and free phone forum.

Through The Waste Exchange **businesses** can:

- ▶ find alternatives to the landfilling of unwanted materials
- ▶ save on disposal costs
- ▶ support community groups and schools by registering re-usable materials.

Through The Waste Exchange **everyone** can:

- ▶ access re-usable materials
- ▶ access information about local recyclers and regional recycling services
- ▶ reduce rubbish going to landfill.

All Waste Exchange registrations are part of a community supporting the reduce, re-use and recycle philosophy.

Think before you throw: **A call to The Waste Exchange could be a better solution!**
