**Submission**

1. The specific parts of the proposed Regional Policy Statement that my submission relates to are as follows:

..... A general statement of support .....  
.....  
.....  
.....  
.....

(Clearly indicate which parts of the document you support or oppose, or wish to have amendments made to. Please continue on separate sheet(s), if necessary)

2. My submission is that:

This brief submission is just to applaud and support the sentiment expressed in the Chairs Forward - that "we must fundamentally change our approach to the environment if we want to continue with reasonable living standards into the future" and this RPS "represents a turning point", presumably to the "more targeted and directive approach" alluded to in 1.1.

I - and most thinking others I would think - believe that several unprecedented and interrelated issues, all fundamentally down to our abuse of the natural environment, must be urgently addressed both locally and globally.

(State the reasons for your submission. Please continue on separate sheet(s), if necessary)

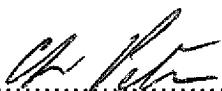

I wish Greater Wellington to make the following decision:

It is encouraging to see that the RPS is prepared to call the shots and take our natural environment, sustainability, and the well-being of future generations seriously. (not to mention our responsibility to all the other species we share our environment and planet with). With great urgency we all of us - need to get serious, get real and get into action! Please, therefore, don't make too many concessions in the submission process. (I am confident that both the Wairarapa branch of FeB and Sustainable Wairarapa would endorse the thrust of this submission).

(Give precise details. Please continue on separate sheet(s), if necessary)

**Please tick applicable box(es)**

- I do wish to be heard in support of my submission (This means that you wish to speak at the hearing)
- I do not wish to be heard in support of my submission (This means you have elected not to speak at the hearing)
- If others make a similar submission, I will consider presenting a joint case with them at a hearing
