The specific provisions of the Proposed Natural Resources Plan that this submission relates to are:

The specific provision of the Proposed Natural Resources Plan that my submission relates to is (please specify the provision/section number): Maps 13a, 13b, 13c and 21d (001-004)	My submission on this provision is: →	<input type="checkbox"/> I support the provision <input checked="" type="checkbox"/> I oppose the provision <input checked="" type="checkbox"/> I wish to have the specific provision amended
	Reasons for my submission: →	There is no evidence to support the inclusion of our streams in these zones. These maps are inadequate at such a scale and the website is almost unusable. If the Council was at all serious about protecting native water fauna it would control, not promote, introduced predatory and competitive fish. It is a waste of effort to try to protect just habitat. This is the similar case to protecting native birds. Most of the Lesser WRC is in public hands so to prevent further native

		species from going extinct a concerted effort on the Council to "ring fence" a public area and enforce some pest control would achieve more than imposing restrictions on private land.
	I seek the following decision from WRC (give precise details): →	Remove all our streams from these maps.
