

PLAN CHANGE 1 TO THE NATURAL RESOURCE PLAN (NRP)

Guide to the allocation of Provisions to Hearing Streams and Topics by Provision Type¹

September 2024

¹ Please note that the allocation of provisions and topic names are subject to change.

Guide Overview

Use this guide to search provisions by “Provision Type” to identify which Hearing Stream, Topic and s42A Report the provision is addressed under. Each provision has been sorted under a Provision Type:

- Air
- Beds of lakes and rivers
- Overarching
- Schedules A and F
- Objectives
- Ecosystem health and water quality
- Wastewater
- Earthworks
- Forestry
- Rural land use
- Discharges to water
- Freshwater action plans
- Stormwater
- Water Allocation

Hearing Streams Dates and Names

- November 2024 Hearing Stream One – Overarching matters and region-wide changes
- March 2025 Hearing Stream Two – Objectives, ecosystem health policies, and wastewater
- May 2025 Hearing Stream Three – Rural land use activities, forestry, and earthworks
- June 2025 Hearing Stream Four – Stormwater, water allocation, and freshwater action plans
- July 2025 Hearing Stream Five – Integration (Right of Reply)

Hearing Streams Dates and Names	2
General Comments	4
Provision Type - Interpretation	5
Provision Type - Objectives	8
Provision Type - Policies	11
Provision Type – Air Quality Rules	13
Provision Type – Discharges to land and water and land use rules	14
Provision Type – Beds of lakes and rivers	17
Provision Type – Water allocation rules	18
Provision Type – Other Methods	19
Provision Type – Whaitua Te Whanganui-a-Tara	20
Provision Type – Te Awarua-o-Porirua Whaitua	27
Provision Type – Schedules	33
Provision Type – Maps	35

General Comments

General Comments on Change 1	Hearing Stream	Hearing Stream Name	Section 42A Report Name
General comments - water bodies	1	Overarching matters and region-wide changes	Beds of lakes and rivers
General comments - overall	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
General comments - wastewater	2	Objectives, ecosystem health policies, and wastewater	Wastewater
General comments - plantation forestry	3	Rural land use activities, forestry, and earthworks	Forestry
General comments - earthworks	3	Rural land use activities, forestry, and earthworks	Earthworks
General comments - consultation	3	Rural land use activities, forestry, and earthworks	Forestry
General comments - current legislation	3	Rural land use activities, forestry, and earthworks	Forestry
General comments - economic cost/impact	3	Rural land use activities, forestry, and earthworks	Forestry
General comments - target attribute states	3	Rural land use activities, forestry, and earthworks	Forestry
General comments - water quality improvements	3	Rural land use activities, forestry, and earthworks	Forestry
General comments - maps	3	Rural land use activities, forestry, and earthworks	Rural land use
General comments - rural	3	Rural land use activities, forestry, and earthworks	Rural land use
General comments - definitions	4	Storm water, water allocation, and freshwater action plans	Discharges to water
General comments - fresh water	4	Storm water, water allocation, and freshwater action plans	Discharges to water
General comments - stormwater management	4	Storm water, water allocation, and freshwater action plans	Discharges to water
General comments - unplanned greenfield development	4	Storm water, water allocation, and freshwater action plans	Stormwater
General comments - urban development	4	Storm water, water allocation, and freshwater action plans	Stormwater

Provision Type - Interpretation

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
Coastal water management units	2	Objectives, ecosystem health policies, and wastewater	Objectives
Environmental outcomes	2	Objectives, ecosystem health policies, and wastewater	Objectives
Harbour arm catchments	2	Objectives, ecosystem health policies, and wastewater	Objectives
Limit	2	Objectives, ecosystem health policies, and wastewater	Objectives
Nationally threatened freshwater species	2	Objectives, ecosystem health policies, and wastewater	Objectives
Part Freshwater Management Unit	2	Objectives, ecosystem health policies, and wastewater	Objectives
Primary contact sites	2	Objectives, ecosystem health policies, and wastewater	Objectives
Whaitua	2	Objectives, ecosystem health policies, and wastewater	Objectives
Containment standard	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Dry weather discharges	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Existing wastewater discharge	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Wastewater network catchment or sub-catchment	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Wet weather overflows	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Earthworks	3	Rural land use activities, forestry, and earthworks	Earthworks
Stabilisation	3	Rural land use activities, forestry, and earthworks	Earthworks
2.2 Definitions	3	Rural land use activities, forestry, and earthworks	Forestry
Afforestation	3	Rural land use activities, forestry, and earthworks	Forestry

Erosion and sediment management plan	3	Rural land use activities, forestry, and earthworks	Forestry
Harvesting	3	Rural land use activities, forestry, and earthworks	Forestry
Highest erosion risk land (woody vegetation)	3	Rural land use activities, forestry, and earthworks	Forestry
Highest erosion risk land (plantation forestry)	3	Rural land use activities, forestry, and earthworks	Forestry
Mechanical land preparation	3	Rural land use activities, forestry, and earthworks	Forestry
Registered forestry adviser	3	Rural land use activities, forestry, and earthworks	Forestry
Replanting	3	Rural land use activities, forestry, and earthworks	Forestry
Vegetation clearance (for the purposes of Rules WH.R20, WH.R21 and P.R19, P.R20)	3	Rural land use activities, forestry, and earthworks	Forestry
Annual stocking rate	3	Rural land use activities, forestry, and earthworks	Rural land use
Effective hectares	3	Rural land use activities, forestry, and earthworks	Rural land use
Erosion risk treatment plan	3	Rural land use activities, forestry, and earthworks	Rural land use
High erosion risk land (pasture)	3	Rural land use activities, forestry, and earthworks	Rural land use
Highest erosion risk land (pasture)	3	Rural land use activities, forestry, and earthworks	Rural land use
Intensive grazing	3	Rural land use activities, forestry, and earthworks	Rural land use
Nitrogen discharge risk	3	Rural land use activities, forestry, and earthworks	Rural land use
Recognised Nitrogen Risk Assessment Tool	3	Rural land use activities, forestry, and earthworks	Rural land use
Registration	3	Rural land use activities, forestry, and earthworks	Rural land use
Sacrifice paddocks	3	Rural land use activities, forestry, and earthworks	Rural land use
Small stream riparian programme	3	Rural land use activities, forestry, and earthworks	Rural land use

Stock unit	3	Rural land use activities, forestry, and earthworks	Rural land use
Stocking rate	3	Rural land use activities, forestry, and earthworks	Rural land use
Winter Stocking rate	3	Rural land use activities, forestry, and earthworks	Rural land use
High risk industrial or trade premise	4	Storm water, water allocation, and freshwater action plans	Stormwater
Hydrological control	4	Storm water, water allocation, and freshwater action plans	Stormwater
Impervious surfaces	4	Storm water, water allocation, and freshwater action plans	Stormwater
Redevelopment	4	Storm water, water allocation, and freshwater action plans	Stormwater
Stormwater	4	Storm water, water allocation, and freshwater action plans	Stormwater
Stormwater catchment or sub-catchment	4	Storm water, water allocation, and freshwater action plans	Stormwater
Stormwater management strategy	4	Storm water, water allocation, and freshwater action plans	Stormwater
Stormwater network	4	Storm water, water allocation, and freshwater action plans	Stormwater
Stormwater treatment system	4	Storm water, water allocation, and freshwater action plans	Stormwater
Unplanned greenfield development	4	Storm water, water allocation, and freshwater action plans	Stormwater
Allocation amount	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Catchment management unit	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Core allocation	4	Storm water, water allocation, and freshwater action plans	Water Allocation

Provision Type - Objectives

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
3.6 Water quality	1	Overarching matters and region-wide changes	Overarching
Amendments to Chapter 3 - Objectives	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O17	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O18: Rivers, lakes, natural wetlands and coastal water are suitable for contact recreation and Māori customary use.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O19: Biodiversity, aquatic ecosystem health and mahinga kai in fresh water bodies and the coastal marine area are safeguarded.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O2	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O20	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O25: Outstanding water bodies identified in Schedule A (outstanding water bodies) and their significant values are protected and restored.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O28: Ecosystems and habitats with significant indigenous biodiversity values are protected from the adverse effects of use and development, and where appropriate restored to a healthy functioning state including as defined by Tables 3.4, 3.5, 3.6, 3.7 and 3.8.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O34	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O35	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O36	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O37	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O38	2	Objectives, ecosystem health policies, and wastewater	Objectives

Objective O5	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective O6	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective P.O3: The health and wellbeing of coastal water quality, ecosystems and habitats in Pāuatahanui Inlet, Onepoto Arm and the open coastal areas of Te Awarua-o-Porirua is maintained or improved to achieve the coastal water objectives set out in Table 9.1.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective P.O4: The extent, condition, and connectivity of habitats of nationally threatened freshwater species are increased, and the long-term population numbers of these species and the area over which they occur are increased, improving their threat classification status.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective WH.O4: The extent, condition, and connectivity of habitats of nationally threatened freshwater species are increased and the long-term population numbers of these species and the area over which they occur are increased, improving their threat classification status.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 3.1 Primary contact recreation and Māori customary use objectives in freshwater bodies.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 3.2 Secondary contact and Māori customary use recreation objectives in freshwater bodies.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 3.3 Contact recreation and Māori customary use objectives in coastal water.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 3.4 Rivers and Streams.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 3.5 Lakes.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 3.6 Groundwater.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 3.7 Natural wetlands.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 3.8 Coastal waters.	2	Objectives, ecosystem health policies, and wastewater	Objectives

Provision Type - Policies

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
4.6 Biodiversity, aquatic ecosystem health and mahinga kai.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy P30: Biodiversity, aquatic ecosystem health and mahinga kai.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy P36: Restoring Wairarapa Moana	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy P65: National Policy Statement for Freshwater Management requirements for discharge consents.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy P77: Improving water quality for contact recreation and Māori customary use.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy P87: Minimising wastewater and stormwater interactions.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Policy P88: Assessing resource consents to discharge stormwater containing wastewater.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Policy P70: Minimising effects of rural land use activities.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P71: Managing the discharge of nutrients.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P72: Priority Catchments.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P73: Implementation of farm environment plans in priority catchments.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P74: Avoiding an increase in adverse effects of rural land use activities and associated diffuse discharges of contaminants.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P76: Consent duration for rural land use in priority catchments.	3	Rural land use activities, forestry, and earthworks	Rural land use
4.9.1 Discharges to land and water.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy P78: Managing point source discharges for aquatic ecosystem health and mahinga kai.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy P79: Quality of point source discharges to rivers.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy P82: Avoiding inappropriate discharges to water.	4	Storm water, water allocation, and freshwater action plans	Discharges to water

Policy P83: Minimising adverse effects of stormwater discharges.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P84: Managing land use impacts on stormwater.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P85: Development of a stormwater management strategy for first-stage local authority and state highway network consents.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P86: Second-stage local authority and state highway network consents.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P121: Core allocation for rivers.	4	Storm water, water allocation, and freshwater action plans	Water Allocation

Provision Type – Air Quality Rules

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
5.1.13 Discharge of agrichemicals.	1	Overarching matters and region-wide changes	Air
5.1.8 Food, animal or plant matter manufacturing and processing.	1	Overarching matters and region-wide changes	Air
General conditions for the discharge of agrichemicals.	1	Overarching matters and region-wide changes	Air
Rule R1: Outdoor burning – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R10: Untreated wood – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R11: Coal, light fuel oil, and petroleum distillates of higher viscosity – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R12: Emergency power generators – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R14: Spray coating within an enclosed space – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R15: Spray coating not within an enclosed space – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R16: Printing processes – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R17: Dry cleaning – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R18: Fume cupboards – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R19: Workplace ventilation – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R20: Mechanical processing of metals – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R21: Thermal metal spraying – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R25: Abrasive blasting within an enclosed booth – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R26: Abrasive blasting outside an enclosed area – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R27: Handling of bulk solid materials – permitted activity.	1	Overarching matters and region-wide changes	Air

Rule R28: Cement storage – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R29: Alcoholic beverage production – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R3: Outdoor burning for firefighter training – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R30: Coffee roasting – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R31: Food, animal or plant matter manufacturing and processing – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R33: Petroleum storage or transfer facilities – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R34: Mobile source emissions – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R35: Water and wastewater processes – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R35A: Gas processes – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R36: Drying and heating of minerals – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R37: Handheld discharge of agrichemicals – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R38: Motorised and aerial discharge of agrichemicals – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R39: Agrichemicals not permitted – restricted discretionary activity.	1	Overarching matters and region-wide changes	Air
Rule R40: Fumigation – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R42: All other discharges – discretionary activity.	1	Overarching matters and region-wide changes	Air
Rule R7: Natural gas and liquefied petroleum gas – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R8: Diesel or kerosene blends – permitted activity.	1	Overarching matters and region-wide changes	Air
Rule R9: Biogas – permitted activity.	1	Overarching matters and region-wide changes	Air

Provision Type – Discharges to land and water and land use rules

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
Rule R65: Wastewater discharges to coastal and fresh water – discretionary activity.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Rule R66: Discharges of wastewater to fresh water – non-complying activity.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Rule R68: Discharge of treated wastewater from a wastewater network – restricted discretionary activity.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Rule R101: Earthworks – permitted activity.	3	Rural land use activities, forestry, and earthworks	Earthworks
Rule R102: Construction of a new farm track – permitted activity.	3	Rural land use activities, forestry, and earthworks	Earthworks
Rule R103: Construction of a new farm track – controlled activity.	3	Rural land use activities, forestry, and earthworks	Earthworks
Rule R104: Vegetation clearance on erosion prone land – permitted activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule R105: Vegetation clearance on erosion prone land in accordance with a Freshwater Farm Plan – permitted activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule R106: Earthworks and vegetation clearance for renewable energy generation – restricted discretionary activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule R107: Earthworks and vegetation clearance – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Forestry
5.2 and 5.3 Discharges to land and water and land use rules	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule R110: Use of rural land in priority catchments – permitted activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule R111: Use of rural land in priority catchments – controlled activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule R112: Use of rural land in priority catchments – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule R56: Water races – discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Rule R57: Existing pumped drainage schemes – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Rule R58: All other pumped drainage schemes – discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Discharges to water

Rule R48: Stormwater from an individual property – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule R49: Stormwater from new subdivision and development – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule R50: Stormwater from new subdivision and development – restricted discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule R51: Stormwater to land – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule R52: Stormwater from a local authority or state highway network – controlled activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule R53: Stormwater from a local authority or state highway network with a stormwater management strategy – restricted discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule R54: Stormwater from a port or airport – restricted discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule R55: All other stormwater – discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater

Provision Type – Beds of lakes and rivers

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
5.4.4 Uses of beds of lakes and rivers general conditions.	1	Overarching matters and region-wide changes	Beds of lakes and rivers
5.4.5 Uses of beds of lakes and rivers.	1	Overarching matters and region-wide changes	Beds of lakes and rivers
5.4.8 Damming and diverting water	1	Overarching matters and region-wide changes	Beds of lakes and rivers
Beds of lakes and rivers general conditions.	1	Overarching matters and region-wide changes	Beds of lakes and rivers
Rule R128: New structures – permitted activity.	1	Overarching matters and region-wide changes	Beds of lakes and rivers
Rule R132: Minor sand and gravel extraction – permitted activity.	1	Overarching matters and region-wide changes	Beds of lakes and rivers
Rule R133: Gravel extraction for flood protection purposes or erosion mitigation inside sites of significance – discretionary activity.	1	Overarching matters and region-wide changes	Beds of lakes and rivers
Rule R145: All other uses of river and lake beds – discretionary activity.	1	Overarching matters and region-wide changes	Beds of lakes and rivers
Rule R151A: Ongoing diversion of a river – permitted activity.	1	Overarching matters and region-wide changes	Beds of lakes and rivers

Provision Type – Water allocation rules

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
Rule R152: Take and use of water – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule R153: Farm dairy washdown and milk-cooling water – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule R154: Water races – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule R157: Take and use of water – controlled activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule R158: All other take and use – discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation

Provision Type – Other Methods

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
Method M40: Fish passage action plan programme for Whaitua Te Whanganui-a-Tara and Te Awarua-o-Porirua Whaitua.	1	Overarching matters and region-wide changes	Null
Method M45: Funding of wastewater and stormwater network upgrades	2	Objectives, ecosystem health policies, and wastewater	Wastewater
6.17 Small farm property registration	3	Rural land use activities, forestry, and earthworks	Rural land use
Method M42: Small farm property registration within Whaitua Te Whanganui-a-Tara and Te Awarua-o-Porirua Whaitua.	3	Rural land use activities, forestry, and earthworks	Rural land use
Method M44: Supporting the health of rural waterbodies.	3	Rural land use activities, forestry, and earthworks	Rural land use
6.16 Freshwater Action Plan programme	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
6.16 Supporting improved water quality outcomes.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
Method 39: Freshwater Action Plan for Nationally Threatened freshwater species within Whaitua Te Whanganui-a-Tara and Te Awarua-o-Porirua Whaitua.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
Method M36: Freshwater Action Plan programme.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
Method M37: Freshwater Action Plan for the Parangarahu Lakes.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
Method M38: Freshwater Action Plan for the Rangituhi catchment.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
Method M41: Identifying and responding to degradation in freshwater bodies within Whaitua Te Whanganui-a-Tara and Te Awarua-o-Porirua Whaitua.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
Method M43: Supporting the health of urban waterbodies.	4	Storm water, water allocation, and freshwater action plans	Stormwater

Provision Type – Whaitua Te Whanganui-a-Tara

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
Policy WH.P28: Achieving reductions in sediment discharges from plantation forestry.	1	Overarching matters and region-wide changes	Null
8.3 Rules	1	Overarching matters and region-wide changes	Overarching
Policy WH.P1: Improvement of aquatic ecosystem health.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy WH.P2 Management of activities to achieve target attribute states and coastal water objectives.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy WH.P4: Achievement of the visual clarity target attribute states.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Table 8.5: Sediment load reductions required to achieve the visual clarity target attribute states.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
8.1 Objectives	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective WH.O1: The health of all freshwater bodies and the coastal marine area within Whaitua Te Whanganui-a-Tara is progressively improved and is wai ora by 2100.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective WH.O2: The health and wellbeing of Te Whanganui-a-Tara's groundwater, rivers and natural wetlands and their margins are on a trajectory of measurable improvement towards wai ora.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective WH.O3: The health and wellbeing of coastal water quality, ecosystems and habitats in Te Whanganui-a-Tara is maintained or improved to achieve the coastal water objectives set out in Table 8.1.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective WH.O5: By 2040 the health and wellbeing of the Parangarahu Lakes and associated natural wetlands are on a trajectory of improvement towards wai ora.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective WH.O6: Groundwater flows and levels, and water quality, are maintained.	2	Objectives, ecosystem health policies, and wastewater	Objectives

Objective WH.O7: The physical integrity of aquitards is protected so that confined aquifer pressures are maintained.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective WH.O8: Primary contact sites within Te Awa Kairangi/Hutt River, Pākuratahi River, Akatarawa River and Wainuiomata River are suitable for primary contact.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective WH.O9: Water quality, habitats, water quantity and ecological processes of rivers are maintained or improved.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 8.1 Coastal water objectives.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 8.2 Target attribute states for lakes.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 8.3 Primary contact site objectives in rivers.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 8.4: Target attribute states for rivers.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Policy WH.P17: General wastewater policy to achieve target attribute states and coastal objectives.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Policy WH.P18: Progressing works to meet Escherichia coli target attribute states.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Policy WH.P19: Managing wastewater network catchment discharges.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Policy WH.P20: Managing existing wastewater treatment plant discharges.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Rule WH.R14: Wastewater network catchment discharges – restricted discretionary activity.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Rule WH.R15: Existing wastewater discharges from a treatment plant – discretionary activity.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Rule WH.R16: All other discharges of wastewater – non-complying activity.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
8.2.4 Rural land use and earthworks	3	Rural land use activities, forestry, and earthworks	Earthworks
Policy WH.P29: Management of earthworks.	3	Rural land use activities, forestry, and earthworks	Earthworks
Policy WH.P30: Discharge standard for earthworks.	3	Rural land use activities, forestry, and earthworks	Earthworks

Policy WH.P31: Winter shut down of earthworks.	3	Rural land use activities, forestry, and earthworks	Earthworks
Rule WH.R23: Earthworks – permitted activity.	3	Rural land use activities, forestry, and earthworks	Earthworks
Rule WH.R24: Earthworks – restricted discretionary activity.	3	Rural land use activities, forestry, and earthworks	Earthworks
Rule WH.R25: Earthworks – non-complying activity.	3	Rural land use activities, forestry, and earthworks	Earthworks
8.3.4 Land uses	3	Rural land use activities, forestry, and earthworks	Forestry
Rule WH.R17: Vegetation clearance on highest erosion risk land – permitted activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule WH.R18: Vegetation clearance on highest erosion risk land – controlled activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule WH.R19: Vegetation clearance – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule WH.R20: Plantation forestry – controlled activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule WH.R21: Plantation forestry – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule WH.R22: Plantation forestry on highest erosion risk land – prohibited activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Policy WH.P21: Managing diffuse discharges of nutrients and Escherichia coli from farming activities.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy WH.P22: Capping, minimising and reducing diffuse discharges of nitrogen from farming activities.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy WH.P23: Achieving reductions in sediment discharges from farming activities on land with high risk of erosion.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy WH.P24: Phasing of farm environment plans.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy WH.P25: Managing rural land use change.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy WH.P26: Managing livestock access to small rivers.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy WH.P27: Promoting stream shading.	3	Rural land use activities, forestry, and earthworks	Rural land use

Rule WH.R26: Farming activities on a property of between 4 hectares and 20 hectares – permitted activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule WH.R27: Farming activities on 20 hectares or more of land – permitted activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule WH.R28: Livestock access to a small river – permitted activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule WH.R29: Livestock access to a small river – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule WH.R30: The use of land for farming activities – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule WH.R31: Change of rural land use – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule WH.R32: Farming activities – non-complying activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Table 8.6: Phase-in of farm environment plans for part Freshwater Management Units.	3	Rural land use activities, forestry, and earthworks	Rural land use
8.2 Policies	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy WH.P5: Localised adverse effects of point source discharge.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy WH.P6: Cumulative adverse effects of point source discharges.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy WH.P7: Discharges to groundwater.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy WH.P8: Avoiding discharges of specific products and waste.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
C. Freshwater Action Plans in Whaitua Te Whanganui-a-Tara	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
Policy WH.P3: Freshwater Action Plans role in the health and wellbeing of waterways.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
8.3.2 Stormwater	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy WH.P10: Managing adverse effects of stormwater discharges.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy WH.P11: Discharges of contaminants in stormwater from high risk industrial or trade premises.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy WH.P12: Managing stormwater from a port or airport.	4	Storm water, water allocation, and freshwater action plans	Stormwater

Policy WH.P13: Managing stormwater network discharges through a Stormwater Management Strategy.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy WH.P14: Stormwater discharges from new and redeveloped impervious surfaces.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy WH.P15: Stormwater contaminant offsetting for new greenfield development.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy WH.P16: Stormwater discharges from new unplanned greenfield development.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy WH.P9: General stormwater policy to achieve the target attribute states and coastal water objectives.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R1: Point source discharges of specific contaminants – prohibited activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R10: Stormwater from new state highways– discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R11: Stormwater from new and redeveloped impervious surfaces – discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R12: All other stormwater discharges – non-complying activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R13: Stormwater from new unplanned greenfield development – prohibited activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R2: Stormwater to land – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R3: Stormwater from an existing individual property to surface water or coastal water – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R4: Stormwater from an existing high risk industrial or trade premise – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R5: Stormwater from new and redeveloped impervious surfaces – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R6: Stormwater from new greenfield impervious surfaces – controlled activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R7: Stormwater from new and redeveloped impervious surfaces of existing urbanised areas – controlled activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater

Rule WH.R8: Stormwater from a port or airport – restricted discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule WH.R9: Stormwater from a local authority or state highway network–restricted discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
8.3.7 Take and use of water	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Figure 8.1: Te Awa Kairangi / Hutt River and Upper Hutt groundwater in Tables 8.8 and 8.9.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Figure 8.2: Te Awa Kairangi / Hutt River and Lower Hutt groundwater in Tables 8.8 and 8.9.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Policy WH.P32: Minimum flows and minimum water levels in Whaitua Te Whanganui-a-Tara.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Policy WH.P33: Core allocation in Whaitua Te Whanganui-a-Tara.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule WH.R33: Take and use of water in the Whaitua Te Whanganui-a-Tara – restricted discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule WH.R34: Take and use of water in the Whaitua Te Whanganui-a-Tara – discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule WH.R35: Take and use of water from outstanding rivers or lakes – non-complying activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule WH.R36: Take and use of water exceeding minimum flows or core allocation – prohibited activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Table 8.7: Minimum flows for rivers in the Whaitua Te Whanganui-a-Tara.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Table 8.8: Surface water allocation amounts for rivers and Category A groundwater and Category B groundwater in the Te Awa Kairangi/Hutt River, Wainuiomata River and Ōrongorongo River catchments.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Table 8.9: Groundwater allocation amounts for Category B groundwater and Category C groundwater in the Whaitua Te Whanganui-a-Tara.	4	Storm water, water allocation, and freshwater action plans	Water Allocation

Provision Type – Te Awarua-o-Porirua Whaitua

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
9.2 Policies	1	Overarching matters and region-wide changes	Overarching
9.3 Rules	1	Overarching matters and region-wide changes	Overarching
Policy P.P1: Improvement of aquatic ecosystem health.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy P.P2: Management of activities to achieve target attribute states and coastal water objectives.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy P.P4: Contaminant load reductions.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Policy P45: Protecting trout habitat.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Table 9.3: Harbour arm catchment contaminant load reductions.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
Table 9.4: Part Freshwater Management Unit sediment load reductions required to achieve the visual clarity target attribute state.	2	Objectives, ecosystem health policies, and wastewater	Ecosystem health and water quality
9.1 Objectives	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective P.O1: The health of Te Awarua-o-Porirua's groundwater, rivers, lakes, natural wetlands, estuaries, harbours and coastal marine area is progressively improved and is wai ora by 2100.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective P.O2: Te Awarua-o-Porirua's groundwater, rivers, lakes and natural wetlands, and their margins are on a trajectory of measurable improvement towards wai ora.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective P.O5: Groundwater flows and levels, and water quality, are maintained.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Objective P.O6: Water quality, habitats, water quantity and ecological processes of rivers are maintained or improved.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Table 9.1: Coastal water objectives.	2	Objectives, ecosystem health policies, and wastewater	Objectives

Table 9.2: Target attribute states for rivers.	2	Objectives, ecosystem health policies, and wastewater	Objectives
Policy P.P16: General wastewater policy to achieve target attribute states and coastal water objectives.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Policy P.P17: Progressing works to meet Escherichia coli target attribute states.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Policy P.P18: Managing wastewater network catchment discharges.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Policy P.P19: Managing existing wastewater treatment plant discharges.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Rule P.R13: Wastewater network catchment discharges to water – restricted discretionary activity.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Rule P.R14: Existing wastewater discharges from a treatment plant to coastal and freshwater – discretionary activity.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Rule P.R15: All other discharges of wastewater – non-complying activity.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
Policy P.P27: Management of earthworks sites.	3	Rural land use activities, forestry, and earthworks	Earthworks
Policy P.P28: Discharge standard for earthworks sites.	3	Rural land use activities, forestry, and earthworks	Earthworks
Policy P.P29: Winter shut down of earthworks.	3	Rural land use activities, forestry, and earthworks	Earthworks
Rule P.R22: Earthworks – permitted activity.	3	Rural land use activities, forestry, and earthworks	Earthworks
Rule P.R23: Earthworks – restricted discretionary activity.	3	Rural land use activities, forestry, and earthworks	Earthworks
Rule P.R24: Earthworks – non-complying activity.	3	Rural land use activities, forestry, and earthworks	Earthworks
9.3.4 Land uses	3	Rural land use activities, forestry, and earthworks	Forestry
Policy P.P26: Achieving reductions in sediment discharges from plantation forestry.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule P.R16: Vegetation clearance on highest erosion risk land– permitted activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule P.R17: Vegetation clearance on highest erosion risk land – controlled activity.	3	Rural land use activities, forestry, and earthworks	Forestry

Rule P.R18: Vegetation clearance – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule P.R19: Plantation forestry – controlled activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule P.R20: Plantation forestry – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Rule P.R21: Plantation Forestry on highest erosion risk land – prohibited activity.	3	Rural land use activities, forestry, and earthworks	Forestry
Policy P.P20: Managing diffuse discharges of nutrients and Escherichia coli from farming activities.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P.P21: Capping, minimising and reducing diffuse discharges of nitrogen from farming activities.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P.P22: Achieving reductions in sediment discharges from farming activities on land with high risk of erosion.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P.P23: Phasing of farm environment plans.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P.P24: Managing rural land use change.	3	Rural land use activities, forestry, and earthworks	Rural land use
Policy P.P25: Promoting stream shading.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule P.R25: Farming activities on properties of between 4 hectares and 20 hectares – permitted activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule P.R26: Farming activities on 20 hectares or more of land – permitted activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule P.R27: The use of land for farming activities – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule P.R28: Change of rural land use – discretionary activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Rule P.R29: Farming activities – non-complying activity.	3	Rural land use activities, forestry, and earthworks	Rural land use
Table 9.5: Phase in of farm environment plans for Part Freshwater Management Units.	3	Rural land use activities, forestry, and earthworks	Rural land use
8.2.1 Discharges to water	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy P.P5: Localised adverse effects of point source discharges.	4	Storm water, water allocation, and freshwater action plans	Discharges to water

Policy P.P6: Point source discharges.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy P.P7 Discharges to groundwater.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy P.P8 Avoiding discharges of specific products and waste.	4	Storm water, water allocation, and freshwater action plans	Discharges to water
Policy P.P3: Freshwater Action Plans role in the health and wellbeing of waterways.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
9.2.2 Stormwater	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P.P10: Managing adverse effects of stormwater discharges.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P.P11: Discharges of a contaminant in stormwater from high risk industrial or trade premises.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P.P12: Managing stormwater network discharges through a Stormwater Management Strategy.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P.P13: Stormwater discharges from new and redeveloped impervious surfaces.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P.P14: Stormwater contaminant offsetting for new greenfield development.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P.P15: Stormwater discharges from new unplanned greenfield development.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P.P9: General stormwater policy to achieve the target attribute states and coastal water objectives.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R1: Point source discharges of specific contaminants – prohibited activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R10: Stormwater from new and redeveloped impervious surfaces– discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R11: All other stormwater discharges – non-complying activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R12 – Stormwater discharges from new unplanned greenfield development – prohibited activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R2: Stormwater to land – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater

Rule P.R3: Stormwater from an existing individual property to surface water or coastal water – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R4: Stormwater from an existing high risk industrial or trade premise – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R5: Stormwater from new and redeveloped impervious surfaces – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R6: Stormwater from new greenfield impervious surfaces – controlled activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R7: Stormwater from new and redeveloped impervious surfaces of existing urbanised areas– controlled activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R8: Stormwater from a local authority or state highway network–restricted discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Rule P.R9: Stormwater from new state highways– discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Policy P.P30: Minimum flows and minimum water levels in Te Awarua-o-Porirua Whaitua.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Policy P.P31: Water takes at minimum flows and minimum water levels.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Policy P.P32: Allocation in the Te Awarua-o-Porirua Whaitua.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Policy P118: Water takes at minimum flows and minimum water levels.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule P.R30: Take and use of water – permitted activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule P.R31: Take and use of water – restricted discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule P.R32: Take and use of water – discretionary activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Rule P.R33: Taking and use of water that exceeds minimum flows or allocation amounts – prohibited activity.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Table 9.6: Minimum flows for Te Awarua-o-Porirua Whaitua.	4	Storm water, water allocation, and freshwater action plans	Water Allocation
Table 9.7: Surface water allocation amounts for Te Awarua-o-Porirua Whaitua.	4	Storm water, water allocation, and freshwater action plans	Water Allocation

Provision Type – Schedules

Change 1 Provision	Hearing Stream	Hearing Stream Name	Section 42A Report Name
B Management objectives	1	Overarching matters and region-wide changes	Null
Table D1. Financial contribution calculations for residential greenfield development	1	Overarching matters and region-wide changes	Null
Schedule A: Outstanding water bodies	1	Overarching matters and region-wide changes	Schedules A and F
Schedule A2: Lakes with outstanding indigenous ecosystem values.	1	Overarching matters and region-wide changes	Schedules A and F
Schedule F: Ecosystems and habitats with significant indigenous biodiversity values.	1	Overarching matters and region-wide changes	Schedules A and F
Schedule F1: Rivers and lakes with significant indigenous ecosystems.	1	Overarching matters and region-wide changes	Schedules A and F
Schedule F2a: Significant habitats for indigenous birds in rivers.	1	Overarching matters and region-wide changes	Schedules A and F
Schedule F2b: Significant habitats for indigenous birds in lakes.	1	Overarching matters and region-wide changes	Schedules A and F
Schedule F2c: Significant habitats for indigenous birds in the coastal marine area.	1	Overarching matters and region-wide changes	Schedules A and F
Schedule F4: Sites with significant indigenous biodiversity values in the coastal marine area.	1	Overarching matters and region-wide changes	Schedules A and F
Schedule F5: Habitats with significant indigenous biodiversity values in the coastal marine area.	1	Overarching matters and region-wide changes	Schedules A and F
Schedule 32: Wastewater Network Catchment Improvement Strategy.	2	Objectives, ecosystem health policies, and wastewater	Wastewater
A Purpose of the Erosion and Sediment Management Plan	3	Rural land use activities, forestry, and earthworks	Forestry
A Purposes of the Erosion and Sediment Management Plan	3	Rural land use activities, forestry, and earthworks	Forestry
C Requirements of the Erosion and Sediment Management Plan	3	Rural land use activities, forestry, and earthworks	Forestry
C1 Contents of the Erosion and Sediment Management Plan	3	Rural land use activities, forestry, and earthworks	Forestry
C2 Certification of the Erosion and Sediment Management Plan	3	Rural land use activities, forestry, and earthworks	Forestry

D Amendment of Erosion and Sediment Management Plan	3	Rural land use activities, forestry, and earthworks	Forestry
Schedule 33: Vegetation Clearance Erosion and Sediment Management Plan.	3	Rural land use activities, forestry, and earthworks	Forestry
Schedule 34: Plantation Forestry Erosion and Sediment Management Plan.	3	Rural land use activities, forestry, and earthworks	Forestry
A Certification requirements under the Resource Management (Freshwater Farm Plans) Regulations 2023.	3	Rural land use activities, forestry, and earthworks	Rural land use
B Management objectives.	3	Rural land use activities, forestry, and earthworks	Rural land use
C Content of a farm environment plan.	3	Rural land use activities, forestry, and earthworks	Rural land use
D Risk assessment and mitigation to address risk.	3	Rural land use activities, forestry, and earthworks	Rural land use
E Erosion Risk Treatment Plan.	3	Rural land use activities, forestry, and earthworks	Rural land use
F Small stream riparian programme.	3	Rural land use activities, forestry, and earthworks	Rural land use
Schedule 35: Small farm registration.	3	Rural land use activities, forestry, and earthworks	Rural land use
Schedule 36: Additional requirements for Farm Environment Plans in Whaitua Te Whanganui-a-Tara and Te Awarua-o-Porirua Whaitua.	3	Rural land use activities, forestry, and earthworks	Rural land use
A Freshwater Action Plans	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
A1 Purpose	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
A2 Freshwater Action Plans required in Whaitua Te Whanganui-a-Tara.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
A3 Freshwater Action Plans required in Te Awarua-o-Porirua Whaitua.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
B Freshwater Action Plan requirements.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
B1. Principles.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
B2. General Content.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
B3 Necessary actions.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans

D Freshwater Action Plans in Te Awarua-o-Porirua Whaitua	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
Schedule 27: Freshwater Action Plan requirements.	4	Storm water, water allocation, and freshwater action plans	Freshwater action plans
A Context	4	Storm water, water allocation, and freshwater action plans	Stormwater
B Purpose	4	Storm water, water allocation, and freshwater action plans	Stormwater
C Definition of an Equivalent Household Unit	4	Storm water, water allocation, and freshwater action plans	Stormwater
D Calculation of level of contribution	4	Storm water, water allocation, and freshwater action plans	Stormwater
E Use	4	Storm water, water allocation, and freshwater action plans	Stormwater
Schedule 28: Stormwater Contaminant Treatment.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Schedule 29: Stormwater Impact Assessments.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Schedule 30: Financial Contributions.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Schedule 31: Stormwater Management Strategy – Te Whanganui-a-Tara and Te Awarua-o-Porirua.	4	Storm water, water allocation, and freshwater action plans	Stormwater
Table 1: Target load Reductions for Copper and Zinc	4	Storm water, water allocation, and freshwater action plans	Stormwater
